

# General Engineers

(2 Vacancies)

Advanced Maintenance Ltd is a division of the Spray Marks Group located in Ashburton. This diverse and successful engineering business maintains, services, manufactures/fabricates and designs prototypes on levels from small to major projects. Due to strong and steady growth, the business is now looking for two Engineers to complement our experienced team.

You will have relevant trade / engineering qualifications combined with extensive and proven industry experience in the areas of Maintenance & Servicing, Projects, or Manufacturing and material handling. Working with a solid well established team, your work will be diverse, from workshop based to external/remote project site work.

The successful candidates will have innovative and solutions based attitudes whilst ensuring that the highest quality of service and product is delivered.

Pre employment drug testing will be completed as part of our recruitment process.

Have a browse through the Spray Marks Group website for more information on this diverse and exciting company. [www.spraymarks.co.nz](http://www.spraymarks.co.nz). Email an up to date CV and application letter to
