

## **ENGINEER**

### **Permanent Full Time**

Due to an increasing workload we have an Ashburton based engineering vacancy for a motivated individual to join our dedicated and professional team.

Our engineering division designs and manufactures prototype industrial plant, custom builds machines, undertakes plant relocations, installation and commissioning. We also provide maintenance services for all types of plant, machinery and vehicles along with compressor system sales and servicing.

We are looking for an experienced candidate to bring new ideas and skills to our team. Applicants need:

- Fabrication and machining experience
- Trade qualification in general engineering, maintenance / diagnostics or fitting & welding
- A high standard of welding with experience in sheet metal work seen as an advantage
- Full drivers licence
- Class 2 and Forklift licences (desirable)
- The ability to work unsupervised and be physically fit
- Initiative and flexibility
- Self motivation with a great attitude
- High quality of workmanship
- Reliability and punctuality
- Effective communication skills

As a division of the Spray Marks Group, we offer a fantastic modern working facility and a branch in Christchurch. AML undertakes projects throughout the South Island and New Zealand so the ability to travel as required, whilst not a necessity, is preferable.

To apply for this position please send a current curriculum vitae by 3pm on Friday 15 August 2014 (email preferable)
